

MatER Meeting 2015

TRENDS AND INNOVATION IN WASTE MANAGEMENT

May 21 – 22, 2015

Politecnico di Milano, Campus Piacenza – Room A– via Scalabrini 76 –Piacenza– Italy

The [MatER Study Center](#) is glad to invite you to the 2015 edition of its Meeting on “**Trends and Innovation in Waste Management**”. The event aims at offering the opportunity of an update on *Sustainable Waste Management* to scholars, researchers, administrators, operators and students dealing with **waste prevention and management** in universities, state agencies, public administrations or commercial companies. Scientists, technology developers, researchers, plant operators and administrators engaged in waste prevention or material/energy recovery from waste will illustrate the latest trends and innovation now pursued in waste management.

The meeting will comprise four sessions, each opened by an international *keynote-speaker*, on the following topics:

- 1) Waste prevention and material recovery**
- 2) Environmental aspects**
- 3) Energy recovery**
- 4) Economic aspects**

The two-day meeting also aims at fostering a *fruitful dialogue* among universities, institutions and companies operating in waste treatment and management. All this in the MatER perspective of an environmentally-friendly, resource-efficient, sustainable recovery.

Detailed program and registration form will be available soon on www.mater.polimi.it

Registration is subjected to payment of the following fees (22% VAT EXCLUDED):

Standard registration ^{a,b}	€ 300
One day ^{a,b,c}	€ 175
Students	€ 75

^a AIAT, ATI and GITISA members will benefit of a discount of € 50

^b Personnel of MatER sponsors will benefit of a discount of € 100

^c Add € 50 for the gala dinner of Thursday, May 21.

Please note that most of the talks will be in Italian (with simultaneous translation to English).
